

“PROGRAMME MANAGEMENT AND EVALUATION OF TIME EXTENSION CLAIMS FOR CONSTRUCTION PROJECTS”

by Land Transport Authority

Saturday 21st January, 2006

The Society of Construction Law (Singapore) is proud to present a talk by Land Transport Authority, Singapore.

The Talk: LTA is sharing with the industry its experiences in project and programme management on construction projects. The Talk will explain LTA's principles and processes with regards to EOT claims for construction projects, as well as LTA's approaches and methodologies in the EOT Claim evaluation and assessment. An illustration of case studies of EOT claims and claim assessment will be highlighted during the talk. Time will be allowed at the end for a Q & A session with a panel from the LTA, including the speakers.

Opening Speech by Mr LOW Tien Sio, LTA Deputy Chief Executive

Mr Low has been involved with Singapore's Land Transport System since 1983. He has initiated many MRT/LRT Projects and has much experience in Planning, Project Management and Corporate Management. Currently he holds key positions in LTA and two of its subsidiary organisations namely as Managing Director of MSI Global Pte Ltd and Director of EZLink Singapore Pte Ltd.

The Speakers:-

Mr CHEE Koon Long is the Assistant Manager in Programme Planning Division and has been with LTA for more than 8 years. He was involved in both the North East Line and Circle Line projects. He is also a core team member for evaluation and assessment of Contractor's claim of extension of time. Chee graduated in 1994 with a Bachelor of Mechanical Engineering (Honours) from University of Manchester Institute of Science and Technology (UMIST). He also possesses a Master of Science (Project Management) from National University of Singapore.

Mr FOO Charn Lim is the Assistant Manager in Programme Planning Division and has been with LTA for more than 7 years. He has been involved in project scheduling management and EOT claim assessment for many road and rail projects. He is also a core team member for evaluation and assessment of Contractor's claim of extension of time. Mr Foo graduated in 1996 with a Bachelor of Civil Engineering (First Class Honours) from University of Malaya and has a Master of Science (International Construction Management) from Nanyang Technological University.

Mr KOH Beng Soon has been involved in the site project management and scheduling control of LTA's rail transit projects since 1998. He has been involved in project scheduling management and EOT claim assessment for Changi Airport Line and Circle Line Project. He is also a core team member for evaluation and assessment of Contractor's claim of extension of time. Mr Koh graduated in 1997 with a Bachelor of Civil and Structural Engineering from Nanyang Technological University, Singapore.
