

24th July 2006

TO WHOM IT MAY CONCERN

**TESTIMONIAL
WEBSITE OF THE SOCIETY OF CONSTRUCTION LAW (SINGAPORE)**

INTELLITRAIN PTE LTD were engaged by us to revamp and host our website with a brand new design in March 2006. We had an important upcoming international conference scheduled in October 2006 and had to get the revamped website up and running in the quickest possible time.

June and Janice of **INTELLITRAIN** did an excellent job in re-designing and revamping our website. Not only did the revamped website boast an impressive brand new design, which contained many, if not all, of the features that we had looked forward to, the work was also carried out efficiently. Their hard work ensured that our revamped website was ready and operational in the first week of May 2006.

We, at the Society of Construction Law (Singapore), are very pleased with the revamped website and are happy to continue our good working relationship with **INTELLITRAIN**. We wish **INTELLITRAIN** the very best in their future endeavours.

Yours truly,

BRENDON CHOA
COMMITTEE MEMBER,
HONORARY WEBSITE COORDINATOR,
SCL (SINGAPORE)
